An Appeal To The Recruiting Companies

3

An appeal to the valued recruiters from the desk of Chariman, Advisor (Academic and Administration) and Advisor (Training & Placement)

T.K. SAHA, Chairman, Governing Body

Over a short span of eleven years TPI has grown up exponentially in quality and size. Our alumni have made their mark in various fields and their achievement has made the Institute proud. Established in July 2008, TPI has become a leading Diploma Engineering Institute of the state of West Bengal.

The confidence posed by the Industries on our institute is indicated by the fact that large numbers of students are placed in various industries globally. I invite your company to visit our Institute for Campus Recruitment drives

Prof. S.N. Basu, Advisor, Academics & Administration

Technique Polytechnic Institute has been in operation for more than eleven years.

The first batch of students graduated in Diploma Engineering in 2011.

The institute has all necessary infrastructures, highly qualified faculty members, well equipped laboratories. Students are moulded into well round personality.

I Would invite the recruiters to visit our institute for campus selection.

J. S. Dhar, Advisor, Training & Placement

Technique Polytechnic Institute since its inception in 2008 has produced technically sound Diploma Engineers. Most of them have been recruited in Campus Drive by top establishments of the country. It is my privilege to call upon the Recruiters, who are satisfied with our Alumni and those whom our students did not have opportunity to serve them, to establish a long term relation with our Institute.

I sincerely wish that this will be a great & fruitful relationship in the making.

Mr. J.S.Dhar is M.Tech from C.U. Has more than 40 yrs of industrial experience.

Worked as Chief Sales Manager in Andrew Yule & Co. and as GM- Marketing in Alstom Projects Limited.

✓ FROM RECRUITERS

Dear Mr. Dhar

Greeting.

The students recruited 2 years back are doing well and we in fact are trying to put them into more meaningful and independent role now. The bench strength created 2 years back is supporting the organization in right manner and helping us plan our survey resources in more strategic manner. This was another reason that we realized that we don't have immediate requirement for inducting a new batch right away.

Nevertheless, as you have mentioned in your mail below, I reiterate that I am looking forward to visiting the campus depending upon the business hiring plan in next academic session.

Regards - Subhankar Datta

Head Human Resources- Infrastructure & South Asia Business
KEC International Limited (RPG Group)

Dear Mr. Dhar Saheb,

Greetings from IIC Technologies Ltd,

Thanks for giving this opportunity to share our feedback during campus placements drive at Technique Polytechnic Institute (TPI). It has been a good experience working with Technique Polytechnic Institute (TPI) in hiring Land Surveyors and GIS Engineers; we would like to thank the entire support team during various drives we conducted at your campus since May 2014. The experience always has been extremely professional and at the same time the hospitality was very friendly. Our production team is happy with the quality of the candidates that we have been able to get from TPI, however the stability of them at work need to be focused. We expect the Faculty members to be updated as per the technologies being practiced in various industries and the lab technicians may keep upgrading the equipment as per the trend in market. We are looking forward to continue working with TPI. Once again we thank the management committee of TPI to be associated with IIC Technologies.

✓ FROM INDUSTRIAL TRAINER

Respected Mr. Dhar

I would like to communicate you that your students are very good & interactive one. It has helped us immensely to carry out the training plan within the shortest possible time as available. I must thank my colleagues in organizing the shop visit of 2 batches (35 students each) successfully. I think your students are benefited out of this industrial visit & interaction programme

✓ FROM STUDENT EMPLOYED OVERSEAS

Sir,

We are glad enough to receive your mail. Yes, we both are fine and everything is good here. There is nothing to worry about. I apologize, due to work load I was unable to reply you at that moment. Food and water availability is beyond our expectation. Temperature is really high, today is 41 outside. and accommodation is also good and furnished.

Best wishes from Oman

✓ FEEDBACK FROM STUDENT ON INTERNSHIP AT TATA CONSULTANCY SERVICES

"It was my pleasure to work as Intern in TCS for 1 month (arranged by TPI). During the internship I have learned operations, HR management, basic networking, cloud computing, drive download, mock drive for mock test, Live Digital assessment scenario, configuring the servers and file sharing for digital assessment. I have also gained insights on security system, MIS, project management, finance and reconciliation. Moreover, I have learnt to work professionally, sustain in corporate environment, smart working techniques. It has also improved my communication.

During the days, I have never felt that I am working as an Intern, rather as a part of TCS family.

Thanks to the Training & Placement Department for giving me such a lifetime opportunity."

✓ FEEDBACK FROM STUDENT ON CAREER DEVELOPMENT TRAINING PROGRAMME

" Respected Sir,

Before attending the CDTF classes, I did not know how to crack an Interview, how to represent myself or any type of presentation. When I attend the first class, I can't relate with my own thoughts. After two or three classes, my doubts were starting to get cleared.

Initially, I did not know, what is reasoning, aptitude test, but nowadays I can easily solve them. Today, I am confident enough to give a presentation and face any kind of interview. I have also brushed my communication skills, attitude, behaviour and dresscode.

Regards - Payel Bag

✓ FEEDBACK FROM STUDENT RECRUITED BY TATA PROJECTS LTD. THROUGH CAMPUS DRIVE

"First of all, I thank to my college, for giving me the dream opportunity. Through the college campus drive, along with 18 friends from my college, I was selected by TATA PROJECTS LTD. Now, I am working in Urban Infra Division. I think myself lucky enough to work in one of the nation's most reputed company. I am doing here well and enjoying the life at its fullest."
